

Instructions for the BioCity Symposium abstract, poster and poster sessions

Students and researchers are encouraged to present their life science and molecular medicine related research results and submit an abstract when registering to the event.

When preparing the abstract

- Save the abstract in **PDF-format**, using your surname as the file name (Surname.pdf).
- Use Times New Roman in the body text, single spacing, 12 points font.
- The abstract must include title, author(s) and affiliation(s).
- The presenting author should be underlined.
- Maximum length of the abstract is one A4, possible references and images included.
- The best abstracts will be presented orally in the Symposium. The researchers invited to give a short talk will be informed about it during July. The rest of the abstracts are presented as posters.
- List of authors and the title of the abstract will be printed in the symposium booklet. The abstract text is only used to select the oral presentations and will not be published.
- A maximum of 125 abstracts are accepted according to the receiving order.
- Abstracts can be submitted when registering to the Symposium. Only presenting author should submit the abstract.
- DL for abstract submission is beginning of June. Please check the exact date from the event web pages: <https://biocityturku.fi/biocity-symposium/>

Poster

- The poster size is width 84 cm and height 116 cm.
- The presenting author should be underlined.

Poster session

- Poster sessions are divided into session A and session B. Posters with odd number belong to group A and posters with even number belong to group B.
- The presenting author should be available for discussions during the session where the poster belongs to.
- Authors are informed at latest beginning of August on which session their poster belongs to.
