

Frontiers of Science Seminars

Autumn 2026

Thursdays at 12:00 in Presidentti auditorium, BioCity

On-site only, no registration needed

Coffee and sandwich served at 11:45, first come first serve!

8th October 2026

Prof. Markus Linder, Aalto University, Finland

The biological future of materials science

Host: Yagut Allahverdiyeva (allahve@utu.fi)

22nd October 2026

Prof. William Stafford Noble, University of Washington, USA

Making sense of genomic and proteomic data with machine learning

Host: Balazs Balint (balazs.balint@utu.fi)

5th November 2026

Prof. Angela Falciatore, CNRS Sorbonne Université, France

Exploring marine diatom biodiversity through photobiology

Host: Yagut Allahverdiyeva (allahve@utu.fi)

12th November 2026

Dr. Miguel Soares, Gulbenkian Institute for Molecular Medicine, Portugal

Metabolic adaptation as a defence strategy against infection

Host: Antonio Sousa (aggode@utu.fi)

19 November 2026

Prof. Gwendalyn Randolph, WashU Medicine, USA

The 3 L's converge: Lymphoid tissue, lymphatics, and lipoproteins

Host: Sirpa Jalkanen (sirjal@utu.fi)

3rd December 2026

Prof. Maria Sibilja, Medical University of Vienna

The tumor microenvironment and different cell types in malignant progression

Host: Johanna Ivaska (joivaska@utu.fi)

10th December 2026

Prof. Thomas Helleday, Karolinska Institutet, Sweden

Targeting cancer by oncogenic trapping: From bench to clinical trials

Host: Jukka Westermarck (jukka.westermarck@utu.fi)
